Dear Ms. Matzko:

The U.S. Fish and Wildlife Service (Service) is in receipt of the U.S. Environmental Protection Agency's (EPA) Notice of Potential Liability for a portion of the Lower Darby Creek Area Superfund Site, located within the John Heinz National Wildlife Refuge (NWR) at Tinicum. The areas of potential Service response activities are referred to as the Folcroft Landfill and the Folcroft Landfill Annex.

The Service will continue to work with EPA staff to ensure that appropriate and timely actions are taken to assess and remediate, as needed, the aforementioned components of the recently designated Superfund Site.

If you require further assistance, please contact Dick Nugent, Refuge Manager, John Heinz NWR at Tinicum, at 610-521-0662.

Sincerely,

Dr. Mamie A. Parker  
Acting Regional Director
